“ I am extremely shocked and saddened at Chris' sudden passing. My condolences to her entire family. I had the privilege of being very good friends with Chris. We were on the cheerleading squad together and we hung out at the lake a lot after school, on weekends and in the summer. One of our craziest adventures was trying to be the first to swim in North Lake in the Spring. We would wait for ice to melt just enough to be able to go under and then run in together. Once, in the winter, she was going to pull me behind the snowmobile on some skis (I believe they were cross country skis) Well, by the time I put them on and she took off, the skis had frozen to the ice so when she took off, I flew out of the skis and onto the ice. We laughed so hard!!! Another time, I was driving her paycheck over to her house, I slammed on my breaks to avoid hitting a squirrel and totaled my car!! I ran to the nearest house and called her and her parents for help and they were there to help in a heartbeat! She was always willing to help. I have so many great memories with, and of her. She was always energetic, happy and smiling. She will be greatly missed. Love     you friend.
