“ Bub- I'll NEVER forget us being kids and you having me pick the fry skin off your feet 😂 I swear! Or having me make you a hammock, Or me chasing girls off ya, Or the last 6-7 years of me never letting anything bad happen to you.. You know how I am. So much laughter, Love, Hugs and Goodbyes. Never knew it would be permanent. Bub ao many people have been blessed to know you, And Love you, Create just as many memories. You'd be so damn happy- You're famous! But I just want you to know- you are so loved still and forever will be, Your Girls will ALL be taken care of & Ill be sure to tell them so many stories- When they get old enough for most 😂😂 I'll forever keep you close to me, And never not go a day without thinking of you or talking about you... guess I still owe you about 10 bucks so I hope heaven has a open bar, I Got You As Always my Guy 🍺
I'll see you baby brother 🖤👉

“ One of my favorite things about you was how you loved my Grandkids Michael and Sophia. I'm thankful for the voice messages I have between you and Sophia. I shared them with her and she really misses you and loves you. You are greatly missed my friend.

I'm also sending healing prayers for your family and the number of people you have encountered throughout your life.
