“ 3The news of your mother's passing conjures up old memories of the "neighborhood." It seems like just a few years ago that we all went our separate ways and left our parents to take care of their little corner of Gobles. Mike, Sue, Mom and I send our condolences. The older we get, the more we are saddened by the loss of those whom we remember so vividly as friendly and positive influences on us as children.

Our thoughts and prayers are with all of you at the loss of your Mom.

She was a wonderful person and we loved her very much. She looked so good when we went to see her on our trip home in September, she never changed and was always a happy person.
