“ I met Al in 1984, he was the first Journeyman I was assigned to as an Apprentice Diemaker – He taught me the precision of the craft with micrometers and depth gauges Such a beautiful mind, full of intelligence, patience and love..... If you are a descendant, you have within you the capacity to endure and achieve anything, for you are blessed....

For all that Al had been thru in his life, it was a miracle and a blessing to know him, for he lives on in all he touched – I loved him and I will dearly miss him....

To the extended Plum family, My condolences on his passing.

“ I have known All for most of my life. He was like an Uncle to us. He would join us on Christmas Eve at my Dad's house, for many years. He could make you laugh like no one else. I mean....who owns a Rooster named Jack as a pet !!??? He would always make sure to fill me in on Jack's tv preferences!! I will miss him very much, but I know he is in a better place.
All my Love Uncle Al :)

“ Al was a long time friend of my family from my Dad's GM days. He was always so much fun to have around at holiday dinners. He'd wear his best bib overalls and fresh ponytail :-). He was such a very special person to Dad and our family and he will be greatly missed. Look out, here comes Al and it's gonna be fun. We love you Al
