Denis
I understand what you are going through because I've experienced the loss of someone very dear in my life' too and even though every person has to through a time like this in their own way. I know you will come through.
Some day' the pain will ease and the memories will bring comfort, just as they did with me. And soon you'll find you self back in the stream of things I know... I've been there too.##imported-begin##Elder and Sister James McClung##imported-end##
