“ So many amazing memories with Barbie. What a treasure she was.

Block parties were almost always at Barbie's. 'The nicest guy on the block' also lived there, but it was always HER house. Those are some of the most vivid memories of my childhood.

On summer days before we started working on the farm Casey and I would routinely 'head over to Barbie's'. We were maybe 6 or 7 years older. We would cut over to the Kal Haven, then take 'Reagan's Trail' to the house. Pick a few berries, stop by the house to say hello and if she wasn't there we would head over to the upick shed.

Summers growing up on CR 388 were so much fun with the Fritzes.

We have so many pictures of that perfect smile of hers. I do wish we had a recording of her patented laugh. It was all her own.

One of my favorite more recent memories with Barbie was visiting her in Florida. I was down in Naples for a work trip and we met up for lunch and she showed me around and we laughed and had some ice cream. So fun.

Her legacy is something special, and she has a great family to continue it. Those were spot on words today, Pete. It's a special thing you all have and both Barbie and Big George are at the root of it.

To the entire Fritz family - praying that your thoughts will be 100% dominated with fond memories, and that your hearts will find a way to celebrate - because there's a massive party going on in heaven right now. Barbie, Big George and Mussy are having a block party I guarantee it!
