“ With school back in full swing and High school football back in action, I can't help but think of going to the Bloomingdale Bangor game and going against my school just to cheer for Brian. I've been out of school for five and brian six and it still feels like yesterday watching football and baseball. It brings back alot of fun times we had laying for the two different schools, the smack talk and the teasing.. It makes me smile everytime I think of the good ol' days in high school, having Brian around to keep it fun! I miss Brian alot and I still can't believe he is gone but I know he is watching over all of us right now.##imported-begin##Teri##imported-end##

“ Kathy and Rick, I am thinking of you often, I can't take the hurt away, but I hope you know I love you both.

*I am very proud to have been Brian's Great Aunt. I have sweet, funny and loving memories, just wished there were more. I am truly sorry we were across the USA from each other.*

“ Brian was someone who could light up the room when he was around. He liked to joke around and he could make people laugh with some of the things he would say as many of you know.

He loves his family and we all love him dearly and we all miss him.

“ So many times people say, "I know how you feel" in times like this. To have Kathy come and sit with me, grieve with me, and allow both of us to mourn for our sons meant more to me than words can say. From one mother to another, because we both lost our sons recently, we can truly say "I know how you feel."

“ Brian was an amazing soul. He could always put a smile on anyone's face. I have a million memories of him that I hold very close to me. I had so much respect for him. Uncle Rick, Aunt Kathy, and Chris, he may be gone but his life lives in all that are left behind. You are in my thoughts and prayers. We all lost an amazing soul on earth but gained a guardian angel to watch over all of us. When you see things that remind you of Brian, remember the good times you shared.

*With all my love and strength,*

“ I met Brian a few years ago through my brothers (Richard and James.)They were and are so PROUD to have Brian as their brother.Even though we were not raised knowing who Brain was after Richard and James met him he was included in our family right away.We loved and cared for him as if he was part of our family.He was at weddings at cook outs and weekend events.We included him in every event we had.And he will be greatly missed by everyone who knew him.

“ Our deepest sympathy to you all. We know this is a hard time for you Our prayers are with you. I use to work with Brian. He would stop over at the house to talk and he always talked about how much he loved his children. He always had them on his mind. God Bless you all.
