“ A grandmother who loved like no other a role model that maid wants to be the strongest woman I could be. Words cannot express how much she will be missed in my life. my kids will grow up not knowing her in person but they will still grow with her loving arms held out as what she taught my mom who taught me will live on long after she is gone from sight.##imported-begin##nicole jenkins##imported-end##

“ Grandma Charlotte, you were and are and always will be a very important part of our lives. We see you in heaven right now holding Bill's hand, and laughing with Connor, and that is a great memory to hold. To your family we know you will be sorely missed, but we also know this is not forever, and we will all be reunited in heaven some day! Rest in peace, my precious friend, you have earned it.##imported-begin##Raymond & Kathleen Lancia##imported-end##

“ Lori -

*I saw your mother-in-law's obituary in the Kalamazoo Gazette online this morning and was saddened to learn of her death. Although I had never met her, I remember you talking about her in nursing school. She sounded like an interesting woman.*

*I remember you sharing with me her progressive debilitation in regards to her physical and mental state. I know that while she will be missed by you and your family, I hope you find comfort in the fact that she is now released from her pain and suffering.*

*Peace to you and your family,*
