“ This man was my hero growing up and my mentor for everything I mechanically know hes also a big part of making me the man I am today. There were many times he was a 2nd father to me I'll never be able to thank him for all hes done. He was there in times I needed him and me for him times he needed help. I loved this great man with all my heart. To the Gentrys thank you for sharing him with me. My favorite memories of Clyde was a day I was having car trouble with the electrical mainly. This guy somehow tricks me into jump starting my own car with my bare fingers and yes I learned the difference between Ac and Dc real quick Imao thank you Big Man. I'd relive that day a thousand times if I could.

“ Where do I begin, I am shocked and saddened that you are gone. Gone way to soon. Its broken alot of hearts. You meant alot to so many people including me. We had a long run together and alot of good times and memories, from riding In the big truck around the country, garage sales and thrift stores, you making me that awesome bench on my birthday, to our vacations, you cooking those crazy dinner concoctions ewww, to making me go with u to the scrap yard and much more. We did take care of each other well u always made sure I was ok, always made sure I had a car, always fixed what was broken and, always bought me flowers, but the jewelry ehhe it would turn my skin green..lol. You were the guy the family came to when they needed something worked on or built, or fixed and u liked doing it!! I liked helping sometimes lol. It will take awhile for it to sink in for everyone that you are gone so that just shows how much you are loved. Maybe we can hit up China buffet and a couple thrift stores when we meet up again. See you later, brat.. Xoxo

“ I will surely miss you my friend. We met on social media but we hit it off & even went to breakfast every now & then. Actually more than some of my so called true friends. I believe in my heart you were truly one of my truest & dearest friends! You may have moved on but I will always have you in my heart & memories.

“ I will miss you so very much. The brother and friend you have been. My patriotic and very vocal, opinionated brother. You always made me laugh. You would have done anything for your family and friends. That bar b que get together we were planning will have to wait. Until we meet again. Thank you for being there for me and for my husband Hans (who loved you like the brother you always told him he was to you too), and for all the times you were my shoulder to lean on and an ear to listen or even just to talk about dad or anything. I will miss you always. Love you.

“ Edmond... every time I seen you that is what I called u. Since I was little and found out ur middle name and that it bugged you. But u always laughed when I called you that. I remember cleaning up ur and Dad's shop. KC auto shop. Sweeping and putting stuff away. Baby sitting your kids. Which one of them locked me in the bathroom. 😬😬 they know who they are...And one tried to tell me they could eat as many snacks as they wanted after u had told me they could have 1 each😬😬 again you know who you are. All my elementary friends were scared of you. And your bat or stick that you called ur enforcer. You bought diapers for my oldest when his father wasn't helping out. You always came when we needed you. You never told dad about seeing me at the dance when u and Joe seen me at triple R. Thanks for that! Ur driving scared me half to death though.. U were always always always there. Being kind,being caring, being you. I will miss you very much. Love you Edmond.
