“ Luke, Ed, and Sandy, I just learned of Dane's passing. He was very special to my family and you may not know, but he lived with my mom & dad when he was a young man for a period. He was one of the most talented people I've ever known and he could do anything. I uploaded a video and some photos of his amazing work. He will be missed by many but it gives us comfort knowing that he is in his heavenly home. Until we meet again dear cousin, rest in peace.

“ Not sure if this video will play but Dane was a precious person to us and we'll never forget how he encouraged young fiddlers. <https://youtu.be/wGfhME3Q5rs>

That is so precious. I saved it to my hard drive along with the other photos and video I have of my cousin Dane.

“ I am so sad to have received this news yesterday. I spent many times sharing stories and fiddle memories with Dane. He knew the old Quadrille and Jigs that my dad, Les Raber, used to play so he helped me to learn them.

When there was a jamboree, he and I and a couple other fellas would gather in another room and Dane would say, "Play that there one your dad played! Ya know that one in "C"!" I would be so nervous, but Dane could get me started then we just kept playing.

He was a true friend and always had encouraging words for me to keep "learnin them old tunes!"

He was a Gem!!!

God Bless you Bev! Please accept my deepest condolences ❤️

“ He watched me change a spark box on one of his old antique vehicles, that was gold to me because he didn't let anyone touch his model A,s.

He will be missed 😭😭

“ *Was always good to run into Dane and Beverly, great conversation. Our family rented the house accross from Iris and Ralph Horton from Dane. We lived there 10 or 11 years before dad and mom bought down by school. He would come and visit all the time, they were great to us kids. You will be missed Dane but you rest now. Prayers of peace and comfort to you Beverly and the rest of family.*

“ *Whenever we met I always felt we had a good raport with each other. I enjoyed to see him play the fiddle, and he inspired me. One thing that Dane told me one day after a hard winter was this, and the tone of his voice will always come to my ears, "I figure that the man who put all the snow in front of the door of my garage can just as easily melt it in the spring." RIP my friend Dane.*

“ *I have very fond memories of sitting on your lap and “driving” one of your old cars when I was young. I gave my youngest son the middle name Dane 16 years ago. You will always live in me and my children and grandchildren.*

Hate to see him go, gonna miss him but, he is in Heaven now and is with my dad. Now that they're back together again, they're both playing some of the best music that the Good Lord and Angels have ever heard! 🥹❤️😊.

“ *To the Johnson Families, I'm very sad to hear this, whenever i would see Dane and his wife, we would strike up a conversation, I'm sure there wasn't anything he didn't know, he loved his old car, and was always a pleasure to see them in it. God rest your soul Dane. I can't believe how much knowledge you took with you.*
