“ *Dolores was a sweet cousin. A couple of years ago, we were in Michigan. My intent was to go spend some time with her. Then I got sick and had to cancel our visit. I am sad that I can't "redo" that visit. I didn't want to give what I had to her. We did talk on the phone, but that wasn't the same. I know I missed a special time with her! We will meet again in heaven.....with lots of time to talk!*

love you, Dolores!

“ *I spent 6yrs with this wonderful woman. She was more than a foster parent. From day one she had me call her Grandma Torrey and taught me to be a kid. She had never took in a teenager but she did to keep me and my 2 little brothers together. I have so many wonderful memories. She taught me what a family means, she's the reason I love to read we would set up at nights with a book in our hands and after we'd discussed what we read. She gave me my first hot toddy on a cold winter night. She was there when I went into labor with my daughter. I have so many memories to share. This lady helped shape who I am today. Love you grandma and miss you dearly ❤️*

“ *Grandma was always there if you needed a talk. She was always supportive, and grateful of your time. She was always giving of her love for you and i will always remember her for that. I loved listening to her tell about her history here and there and making you feel connected regardless of how lost you may have felt. Certainly feeling guilty of not spending enough of my time with grandma as the days pass but i rest assured if grandma was here she would reassure me that, "there is never enough time honey"*
