“ Ed, we have a life time of memories you and I. To share a couple,,
remember when we were about 9 and 11--- I was trying to clean the
house,(was supposed to be done before Mom and dad got back) all
you wanted to do was watch cartoons, me I wanted to get done. i
was vacuming and you kept unplugging it,, I finally got mad and hit
you over the head with the vacuum... Bad bad... Another was when w
were washing dads car and you were washing and I was spraying
the hose,, well I sprayed a in ground bees nest,, I seen them
coming dropped the hose and ran,, you got stung so many times we
sat in the hospital all the rest the night cause that's when we found
out you and bees don't mix,,,,,So what if you had to carry an epi pen
the rest of your life. OH Gosh the best of all was when we were 4
and 6, we lived in Otsego, we were outside playing and you wanted
to mae a swing out of a rope and had climbed the tree with it to
hang it but instead was hanging yourself,, holding your hands to
keep it from tightning and I went in the house for a cookie, mom
asked where your were, I said hanging in the tree. She got to you
and you have ever since accused me of trying to let you die..... We
have had lots of fun, some tough times but always with love. Jim
and I loved your burgers you would cook us while working the bar.. I
will miss you so much brother. My heart is aching horribly without
you here.
