“ We first got to know Edwin when he was in about 5th grade. My dad was almost like a son to his Dixon grandparents and treated like a brother to his mother and her sisters. We took him up to our family property on the Muskegon River and I stayed with him for short time in about 1962 at night when his mother was working. He was a crazy kid at times. We just lost contact with him and all the family when my dad died in 1969.

“ I first got to know Ed during our junior year at Royal Oak Dondero High School. We graduated in 1968 and remained friends after high school. We were room mates my first year out of college back in the early 70's when I went back to live in Royal Oak. Though we kept in contact with each other over the years, as time went by, we saw less and less of each other. I'll never forget that he was in my close circle of friends 40 years ago. I'm sorry that I won't be able to attend the gathering of friends on Friday, December 21. I know that we will miss him so. You have my deepest sympathy.##imported-begin##Ben Phlegar##imported-end##
