“ Linda, Words can't explain what you must be going through. We grieve not only for Eugene, but you, your sons and family as well. God has a plan for all of us; we just don't know what it is yet. We know Eugene is in a better place and looking down on you and all those he loved so much. We only met him a short time ago but he made us feel like we had known each other for years. We were looking forward to many years of friendship. We are so blessed to have known him, if only for a short time. We are sure he has touched so many lives, as he did ours. You must be so proud to have had him in your life. We know he will always be in your heart and looking down on you, your sons and all those he loved. We had a special place in our hearts for him, from the day we met him. We pray for GOD to give you strength through this sad time. With our deepest sympathy,
