“ *My Grandmother was the kindest, sweetest woman and soul I have ever met to this day in my life of almost 47 years old. She never said or did a bad thing in her life. Missing her funeral was/is the biggest regret I have ever had. She loved me more than any other grandchild and told me that. She said she knew my father was a bad man and wished I hadn't gone through what I did. I will love you forever, Grandma. You were the best person I have ever known.*

“ *Dear Charles & Family---My thoughts and prayers are with you during this most difficult time. Thank you for allowing me to come into your home and provide care and assistance to Frances. She touched my heart deeply with her strength and endurance during her illness. I enjoyed reading to her and especially playing Yahtzee, I never won once! Her sense of humor and her jokes reminded me so much of my own grandmother, it truly put a smile on my face during my Saturday visits. I pray your own wonderful memories of her will guide you through your sorrow and loss. God Bless!*
