“ 2/19/26 I just went to make my H&R Block appointment as I do every year. For over 20 years Gary has been doing our family's taxes. We always requested Gary. I was shocked to hear of his death. Gary was such a wonderful person. He was always interested in our family and how it changed every year; kids growing up, college, jobs and families. He shared news about his family and you could tell how proud he was of his daughter and his wife's activities. To his family, I'm so sorry for your loss. He will be remembered. Joan & Carl Baker

“ Uncle Gary will always be the kindest, most joyful person I've ever known. My fondest memories of him will forever be a source of comfort. Whenever his smile lit up a room, it had a way of making all the day's troubles disappear. That light has not gone out, but has instead become a memory we will hold dear. We will miss you terribly.

“ I worked with Gary at Harding's for over 30 years. First he was meat manager, then he was moved to the service manager running the front end of the store. We spent many hours together working. Gary LOVED to talk and to meet new people. Gary loved his family, especially his wife and daughter. Never heard him say a unkind word about either of them. He was so proud of Hannah. All you had to say was ,How's Hannah? - his face lit up and he was off to the races telling you all about his daughter!!! I will certainly miss you Gary. May you rest comfortable in God's hands.

“ It has been a privilege to work with him at H&R Block for the past 24 years. He was a bright spot in the day with his quick wit and funny quips. I could always count on him to take on extra clients when we were busy or to help out with new people. He was always the epitome of what a family represented. He always talked about his family with love and caring. He was so proud of you Hannah. We would get updates on how you were doing in school and how many more credits you needed to complete your degree. We will miss him.
