“ *My grandma was one of the sweetest people I knew. I remember us watching scary movies when I was younger. My mom (Jennifer) and I were devastated. But grandpa gave me one of her bracelets for Christmas in 2019. I've kept it with me and I'm never letting it go. I love you grandma and while you're up there, tell my Dad (Luis Sr.) that his daughter misses him. I'm sorry that I was never able to say goodbye to you, but someday, I will be able to say hello all over again. As if you never left*

“ *My sister in law was quite the character at times, and always seem to know what to say to make you laugh. May you rest in peace, have no more pain, and know that your presence here on earth will always be remembered. Thank you for all the love and support to this family, and trying to keep my brother in line. That was a struggle on it's own I know. Know that we will see each other again some day. Please tell Mom and Dad Hi from all of us, Tell we meet again, Much love always.*
