“ *What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch, we may not understand why you left this earth so soon, or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget.*

So. so sad to learn of you leaving this earth to go on to a "better" place. I know that there will be lots of memories from your life, that many of us will not forget. Your life & love will be missed by many family members & friends
