“ Some of my earliest memories are off family regions in Corwith, IA with the Marr family and Great Grandpa and Grandma Brown and my Grandparents Lloyd and Lucille Stroup. So many stories told and jokes. Uncle Elmer loved to get a laugh. Gene takes after him too. So many times Gene helped my Mom with her computer. Rick and I always looked forward to visiting with Gene and Barb and we lucky to live close enough to visit a few times. We will remember him fondly always.

“ I worked with Gene at Bronson. My first (wow! that was a long time ago) exposure to the computer was through Gene. He was always eager to teach. Gene brought a nice blend of humor and seriousness to the workplace. May Gene rest in peace.

“ *I am sorry to hear of Gene's passing.*

I knew him from when I worked at the Allegan Medical Clinic. In the 1990's, we were still in the old building and our billing department was in the basement and AGH's IT department was down there also.

Gene was always so friendly and helpful and I enjoyed talking with him. Hold your memories close to your heart.

*Gene was a great teacher at Parsons Business School. If he hadn't talked me into becoming a computer programmer, Don & I would never have met. We were just thinking of home this past Friday on our anniversary as he was the best man at our wedding. We certainly have many fond memories of working together at Bronson Hospital. Our deepest sympathies to you and Kevin.
