“ To my Dear Hazel. If one is fortunate during their lifetime, they meet someone who makes a positive, lasting impression on them. Well, that's exactly what happened between you and me. From our first meeting I discovered a kind, gentle, intelligent woman who shared a mutual profession and life view with me. You had a soft spoken sense of humor and gorgeous smile. I loved listening to the stories of your husband and your life together - homes, travels, children. And, your oil paintings! Your attention to subject matter struck a cord with my taste in architecture and the world through art. Absolutely lovely, painted with an eye for detail. Thank you for allowing me to hang a reproduction of one of my favorites in the artist gallery at Allegan General Hospital so other's may enjoy. I only wish I would have met you years sooner. You made a positive impact on the world, Miss Hazel, and I will always love you.
Sincerely, Shirley Sutton-Rop
