“ • I just wanted to say to the family how very sorry I am for your loss of Jack. I've been friends with their granddaughter Lauren since I was 10. So many nights growing up, we stayed at Grandma and Grandpa's. I swear it was almost every weekend. They just had this open door policy with everyone. They would feed you and love on you. Grandma was just the most loving vibrant human being you ever met. Grandpa was more quiet but he would always say "Hi Hon" whenever he saw me and gave me a big hug. We would watch the news with him in the evenings and have good conversations about life. Watching both of them with my son and how they would love on him, was just the best ever. I loved them both so much and was grateful for all these wonderful memories I have of them. They were just 2 of the best people you could ever meet in a lifetime. I am so sorry to the family for your loss and just sending you so much love and prayers. I am so glad they are together finally and at rest.

“ I was a 12 year old black kid from Chicago when my family moved to Gobles we would stop by this guy’s house and buy eggs on the way home. But later on while playing little league baseball with Shaun I meet jack and pat killeen it was one of the best things that ever happened to me some people say they never see color or it doesn’t matter but they did and it didn’t matter they welcomed me into their home and from day one treated me as if I was part of the family. After I moved to Texas and decided to adopt some kids I called jack and pat and I asked them to be my kids godparents I could tell jack was tearing up a little bit and the first thing he told me was how proud he was of me and if he needed to come to Texas or if I needed anything he’s been like a father to me and after that we would talk on the phone he would say I love you son. I would say I love you too. Rest in peace my brother.

My wife June and I are so sorry to hear of the passing of Jack. I first met Jack as a young man in 1959. I worked for him for about a year in his appliance business. June and I became very close friends to Jack and his wife Pat.

June and I with our kids were welcomed into their home many times. Our families spend much time camping together. In 1972 Jack and I were co-partners in business. We will always have fond memories of Jack and his family.
