“ *Changed your name did we Paul ... to never hear your voice again is unbearable. I loved you more than anybody on this earth. You were special. Every day when I venture outside, I see you when I hike, shop, pick flowers, eat an ice cream cone. Half of me died when you left, and it permanently changed my life. I sure do miss you! Hug the family for me,  
Love, love, love

“ *Saddened by the loss of my little brother and thanks to uncaring siblings and unreturned phone calls he passed away without knowing how much he really meant to me and how much I really cared for him. He listened to his sister way too much. Peace little brother and give Mom my love. Forever, David*

*Paul ... all of our ventures into the world are my most cherished memories. There's not a day that goes by that I don't think of you. I will always love you.
