“ I treasure and am so grateful for the short time I had to get to know and work with Scooter. He would often say to me, "you haven't been here that long, but it seems like you have always been here."...then that laugh. To watch Scooter interact with those we worked with was an awesome thing for sure. They all loved him as we did. One gal in particular, last Thursday a few hours before Scooter passed, wanted staff "come to my room, Scooter and Scott (Whitman) are in there, come say hi." It brought a sense of comfort to me to know that Scooter had transitioned to be with our friends that have gone before. Wanda Lange##imported-begin##Wanda Lange##imported-end##

“ Scooter may have lived to be only 55 years old...but that was in "Scooter Years" ...and that's equal to 110 in regular people years! Thanks for the smiles Scooter. You'll be missed.##imported-begin##Judy Versalle##imported-end##
