Having known Joel since our days in Bangor High School, I have always considered Joel a good friend. In recent years, while I have been able to spend more time in Michigan, we were able to renew that friendship through many activities including going to the Hartford racetrack and going out for dinner. We shared many views on life and near obsession of Fox News. My wife, Rae, had enjoyed getting to know Joel.

The posted pictures are from a couple boat rides on Saddle Lake.

Our prayers are with Joel's family and friends. A donation to the Bangor Fire Department will be made in Joel's name from the BHS class of '67.

“ To the Family of Joel: I was of great sadness to hear of the passing of Joel. He and I go back many years, the first when he worked for the County Ambulance Service in South Haven. I was a Full Time Driver/Engineer with the South Haven Fire Department then and Joel and I would fly all over our area taking pictures for pre-planning of fires all at Joel's expense. I remember one time we went to Holland to view a fire that was going on at the time and the head winds coming home were so strong that the car's were going faster than we were on the ground. But we made it. When I became Fire Chief Joel was a member of South Havens Ambulance service. When our new fleet of equipment arrived Joel was the First to lend a hand to build racks in the compartments and ready the trucks for service. Never missed a day unless he was on duty. When I left South Haven we still chatted upon my many returns and I would stop by Tractors Supply for a few minutes of update as to our beings. Joel was a friend from day one and He will be missed by many. Our hearts and prayers go out to the family as he will surely be missed by us.

“ Dear Carolyn and family,
Please know of our sorrow in the death of your dear brother, Joel. I remember his sweet personality, his grin as he teased you. and his stories of times spent with your children. May your time together as a family be precious, as you share memories.

Joel delivered my second child during an "unintentional" home birth! He brought her into the world healthy and happy and we have always been grateful he was there that night! R.I.P. Joel

*Joel was a great guy. His smile and " good morning" as he worked at Landers will be remembered by many people.
George and Dorothy, I know you will miss Joel greatly. I'll think about you at every holiday when he used to join your family.
I've known Joel for a lot of years....remembering the days of his purple dune buggy....Mike and I loved that thing.
