“ *My grandfather was the most loving man I know. It was always a joy to see him, and I cherish all our moments spent together from humming and singing in the car to sharing his life's wisdom and love with me. Crackers, cheese, and coffee with my pawpaw was always a thing I hold most dear. When I was little, I spent many weeks with him where I helped build the barn for animals. He was also a great example of unconditional love in my life, and I will always remember him for sharing his light with me.*
