“ Judy was my bus driver. Now I'm a bus driver in a different school district. She used to smile when I would give her a cupcake on my birthday (I now know it's because mine is the day before hers). I wish I would've known then. Now every morning I get behind the wheel I think of Judy and wonder what she would say to me now. We didn't always see eye to eye when she was driving me, then again my view as a child was limited but she did have my respect. I wish I could've paid my last respects to her. I just hope I make her proud behind that wheel everyday!

Sorry to hear of your loss. I would of been at the funeral or visitation, but did not hear about it in time. Judy was a member of my Curves for Women in Bangor when I was open. She was a joy to have around. May God comfort all of you in your loss.
