“ Uncle Ken was always bigger than life to me. I have a memory from when I was a young boy about one of his car projects. While our family was visiting theirs, he drove up in an old Ford Model T. My dad and Uncle Ken were talking about it when I heard Uncle Ken say he just put a Ford Pinto engine in it. That amazed me then and still does today. RIP Uncle Ken!

“ Ken was a life long friend of our step-dad Carson Wayne Munn. Always enjoyed to hear their stories when they were together. Ken visited Dad when he was ill a few times, they would reminisce about the good old days and laugh. Ken will be missed

“ *Last time I seen Kenny was at the Drs. office. He told me about the agent orange that he was fighting, He explained it well, I had a hard time believing that the way it happened, no body even knew what had happened. I always enjoyed his talks, him and his Dad would come into the Kool Korner, could hardly hear yourself think, he would have everyone laughing. He was a special friend to a lot of people. So very sorry for your great loss, keeping you all in prayer. May he continue his stories in heaven, I'll miss hearing them. R.I.P Ken. Thank you for your service.*

“ To all...may the wonderful memories you share help you through the coming days.

Where does one start when talking about Ken...he is known for his love of people and sharing stories. I loved the stories about my dad and the adventures Ken had with family and friends. Dee told me “don’t believe half of what he tells you”...I listened to the stories and believed every word! He had a way of making you laugh and when he laughed it was priceless!

One of my favorite memories is of Ken and Frankie cutting some walnuts for me. We sat on the big logs on a sunny day and those boys sure entertained me. I still smile...

Long live bib overalls!

God’s speed Ken...you will be missed
