“ As I sit here today with such a heavy heart & as I go down memory lane I can see you & dad sitting at the house telling us all the old stories about what you 2 did when you was kids & teenagers & I can see you & Daddy laughing so hard that you both couldn't even finish your story that is a memory I will always cherish & hold very dear to my heart it was so amazing to see you & Daddy together & how much you loved each other. There are so many memories that will always be close to my heart & you knew so much about the Family Tree if we needed to know something about the Family we would all say call Uncle Lawrence he will know. I remember the time you talked Daddy into moving to Bangor MI we stayed 1 whole weekend then moved back to Chicago but it was nice to know you & your Family was so close that we could see each other everyday if we wanted to but we didn't live there long enough for that. So as my Aunt my Cousins & your friends gather today to say good-bye to the greatest man in the world besides my Daddy let me say to you Good-bye Uncle Lawrence I love you & I will miss you so R.I.P.
