“ *Larry was always kind to me when he came to the window at dispatch. We both liked to read, so we would talk about the books we thought each other would like. I always asked him what truck he would like to drive and he would always come back and say, you are the dispatcher... I would laugh and get him a truck! He was an excellent trainer for our new drivers coming in to B&B. I enjoyed his humor. I will miss him a lot.*

My heart and thoughts are with Larry's family. I worked with Larry for a little of 4 years. He was one of our best driver mentors. He was very thorough and took great pride in his work. Larry was a kind man and could bake one heck of a cheesecake!! His passing broke my heart. I know he will always be remembered by all those who's lives he touched.
