“ Uncle Paul,

*This hit us all so unexpectedly, none of us could ever of been prepared enough. I love and miss u dearly. You were my big teddy bear. I remember years ago that you got me that teddy bear dressed in the christmas dress. I still have that bear, I slept with her EVERY single night. I used her as my pillow. Literally!! Every night I lay my head on that bear I always thought of you! I will never let that bear go, for I will see you every time I look at it, you will be with me every time I lay with her. I have so many memories with you, none bad. You were the type of man that anyone who had the honor to know you didn't have a bad thing to say of you. You made and impression in my heart and I'm sure many others. I will cherish and remember all of the memories. This has been so hard for all of the family to deal with. We all have gone through a rollercoaster of emotions so far. But I just know your up in heaven helping us through the times that have been rough. I also know your up there laughing with us when we reminice about all our memories with you that made us laugh!*

*I miss you Uncle Paul, I miss you with all my heart. I know you will be watching down on all of us. This will not be my good bye, so I'll say see you later!*

*Love###imported-begin###Jasmine Norton###imported-end##*
