“ I remember this one time when my kids were younger, Lois helped me make plates of food for my kids, my son Brody sat between me and Lois when she asked Brody how it tasted he said it goood. Brody was being sneaky and every time Lois looked away he took food off her plate, she caught him and she said how does it taste he said it goood with a cheesy grin, Lois hugged him and said I'm glad you like my food and had a laugh with Brody. I will always remember Lois laughing loving, and always having a big hug and smile to give I will miss you dearly Lois

“ There have been so many memories we have had over the years with Lois. Some of my own personal favorites were the many funerals luncheons that she, Dianna, my dear mother-in-law and myself served. We sometimes would get the giggles as we were setting up things, and then have to straighten ourselves out before the families would enter. She would reminisce about the "good old days" and doing things together at church. She will be missed. God bless and comfort you all!!
