“ We grew up next door with Rose and Rae. My sister Ann and I would always be playing with the girls either at their house or ours. Mrs Hill would always smile and give a little giggle at most of the things we came up with to do (not always the wisest of things). But she let us go ahead and try. There was always a warm pot of food on the stove for all to eat. Her kind heart, smile and giggle will never be forgotten.

Hugs to her family from ours. Thank you for being the best neighbors ever.

Love, Mary Lou (Gardner) Brooks & Ann (Gardner) Lambert

“ *Its was just the other day that I pulled out a cat that she made me for christmas one year. I remember during the winter of my senior year of high school we went all the way to Kalamazoo to get some craft stuff because I need some craft stuff for school, plus she wanted to get a few things. I remember how she always made me feel like one of her own grandkids even after I had moved out. She was always there when I needed someone to talk to in high school.*
