“ust a month ago or 2 i was trying to get somewhere by walking from my house and i really wanted to see someone i care about and he found me walking about halfway there and then he took me to where i needed to go he was such a wonderful person and he had the same smile that day and said hop on in and he gave me a ride because he saw me walking and saw me almost get hit by a car and it had happened two times so he decided to go to my house to see if anybody was home but then nobody answered the door and he found out i was home alone and left to walk to a persons trailer on Taylor Rd which was about 2 to 3 hours of walking from where i was and he drove me to that persons house asked if i had eaten yet i said no and he had offered me a trip to the grocery store or McDonald's for fruit or a meal and i said fruit and he took me straight to the grocery store and brought me home that day my fear is that he died suffering i know he did not deserve that some people are saying it was a heart attack but i hope he rests in peace and that he is safe and sound in heaven.

“ I was shocked to hear of Mark's passing this morning. I was introduced to Mark when I was attending Western Michigan University way back when. We reconnected on Facebook and found we had mutual friends in common as I was from Paw Paw. He had a great sense of humor and was just a nice human. He had a great love for his family and I know he'll be missed by so many. May his memory be a blessing to all of you.

“ My cousin Mark was so kind and generous. We were so shocked and saddened by the news of his passing. Mark made it a point to stop at our store often. Whether it was just to say hello and talk about his beautiful family or to share some of the wonderful products he worked with. He helped us on so many occasions. Our store would not be the same if it wasn't for Mark. To save us shipping costs he would bring us products and also worked to split our orders with other stores to avoid the large minimum orders. He will be greatly missed! Our heart go out to his family and friends. May there be peace in the many beautiful memories.

“ Mark and I were kids together in Lawton and spent many days and hours together. He use to enjoy riding with me on my Motor cycles. Mark spent more time at our house then he did any other place. He use to come over and right away get into the jar of Pickles, he loved the home canned Pickles. I will miss him.

“ So many wonderful memories of our friendship that began in 1969 while students at Western Michigan University. More recently, the conversations and social visits we enjoyed at Mark’s office locations as well as our “road trips” to wherever the road took us. RIP my beloved friend. Our thoughts and prayers are with the family.
