“ Dear Grandma,  
Here I sit trying to type something and all I can think about is our conversation on Monday and how you explained to me that this is just a part of life and that we all have to go through this.....but I`m still going to miss you with all my heart. You were always there to give good sound advice and you never judged me, you always gave me the strength and understanding to do the right things and you always knew what to say ....Such a smart, strong woman I can only hope to be half the woman you were....Grandma I hope you are with Uncle Jim now and like you said we will be together again....And until that day comes whenever I need you I will come and sit by you and talk to you and I know you will be there for me..But it does not make this any easier for me right now... I `m so glad I seen you the other day and that was the day I said my good byes to you for now... I know you will understand why I just can`t be there. I LOVE YOU GRANDMA !!! “ My sympathy's to all the family on your recent loss. My grandma Orma Prouty knew Mary Ida and worked with Murl. I remember Nanette but haven't seen any of you in years. I will keep you all in my prayers, she was a lovely woman and had a lot of friends and was blessed with a wonderful large family.

“ Grandma it was my honor over the past few months to be with you and help Aunt Julie & Uncle Dallas. We had many talks and they will be forever in my heart! God brought us together 26 years ago and I want to say it was my privilage to have had you in my life over the years! You were always a genuine lady! You accepted me into your family as one of your own and showed me the love you had for others. It will leave a gap in my life now that you are gone, but I will cherish the memories I had with you. I sit and cry thinking about you and my loss, but I have to remember what Aunt Julie told me the tears I cry are for me. I will always love and miss you. I know you are watching over everyone of us!

Love You!

“ Today the world truly lost an angel on earth. No matter what happened in her life, Gram had unshakeable faith in God and family. You know how much I loved you, admired you, and could never understand how you could stand up to all the sorrowful events that took place in your life, then one day you told me "you must have faith because the Lord doesn't give you anymore than you can handle" I truly believe they would have devastated anyone else. Your strength, and your never ending love has had an impact on me that you may never have realized. We had many conversations thru my life and they have played a big part of who I have become, I will miss them dearly. The last few months I have shed more tears than I have in my whole life. My heart is so so heavy, and it's hard to type between the tears, but I celebrate your new beginning because God truly has a new angel to help Him. Gram, I love you more than life itself, you will always be with me###imported-begin##charles weber, jr###imported-end##
