“ I recently met Matt when my son married his beautiful daughter Dani. In that short time, not a holiday went by without him sending me well wishes. He even checked on me after I had surgery last year. That meant the world to me, and so said much about his character. He had such a kind soul and will be greatly missed. Love and prayers to his close friends and family. Xoxo

Poppy, There are no words that will explain our loss. You were a very awesome family friend. You were definitely very comical and enjoyed life to its fullest. Your granddaughters will definitely have wonderful memories of you. You gave them such quality time and you loved them dearly. I'm not quite sure whom will take your place turning my toilet paper roll around and walking in running straight to the candy dish to look for your whoppers. It is obvious you were the only one we bought them for. I'm hoping by now you're hanging out with Bubb's for you were a very special friend in whom he loved. Thanks for all you have done for our shared family and all you have done for us. Don't lose that smile. Love you Matt and you will always have a special place in our hearts.
