“ *I am so sorry for this loss of a very special man! He was a good hearted person in whom was always making others smile. When we lost mom, Walley was just as heart broken as we were, she had become so fond of him, and looked at him as family. Each time we've ever came to visit, my daughter would always like to play Wii games with him, and gave him a big hug. A selfless. And caring person who had endured a great deal the last 20 years, yet did not allow that to hinder his desire to make others smile, and keep pushing forward, despite having to be in the Nursing facility for so long. We are tremendously saddened learning of this loss, and its not going to be the same without him, he made this world a little better in the way he treated others each of his life.*
