“ Mike was a joyful fine fellow with a great personality and a contagious smile. The kind of smile like that from the Cheshire Cat. We had many laughs together listening to Red Fox in my Old '77 Buick Regal. Rest in peace my friend.

“ I've known Mike for over 30 yrs. When I started working for Fuller Communications I told the guys I was looking for a roommate and Mike said I'll be your roommate. I had never met him before and I said okay and years later he told me he didn't know what my real name was because I was given the nickname "BLISTER" by the guys at work. We played a lot of horseshoes, Hacky Sack, and of course Washers when we lived together. I give my condolences to Mike's family. He will be missed

“ *I have so many memories of Mike starting with that great catcher on Bill's Little League baseball team when Daryl first played on the team all the way through both Daryl and Mike playing on the regular and AllStar teams when they were teenagers. They were best friends with Clevie from that time for many years after that. I have so many memories of the three of them through their adult years.*
