“ Nel always had an encouraging word for my parents, myself & my family. She continued to be amazed & thankful for the Lord's love and mercy that He showed her. What a witness she was of God's grace. I'll miss visiting with her when come to Michigan. My sympathy to her daughter, grandchildren and great-grandchildren.

“ *Jan and family,
Nell was so good to our Mother, Ethyl Baas, over the many years they were neighbors. I remember way back to the days when she and "Red" Ray Pohlers were first married and how happy they were when you and Susan were born. She tried to teach me how to crochet and was so determined to do things her own way. What a wonderful life she led and all the memories you will have to console you during this time of grief.
Blessings,
Jackie Baas Harmon*

“ Dear Aunt Nell,

You made everyone laugh and cry and sometimes you were too stubborn for your own good; but you were always patient and generous with us. The times we spent on your back porch, having a root beer float, are so precious today. I'll never forget seeing the gun and putting outgoing messages on your answering machine. You shared many family treasures with me, and I'll never forget that. I remember the red Chevette and the Subaru that Dad didn't want parked on his drive. You always made your own decisions, and I learned a lot from that. And believe me, working on the roof after dark so no one can see you is never a good idea.

We admired your tenure at Upjohn, smoking upstairs at North Westnedge, your life on the softball team, and the way cats kept finding you. Your eye for decor was perfect, and I still want you to decorate my house. You loved every car that ever brought us to your door, especially the "Black Mariah." All of the cousins went to you for help, at one time or another. I can't believe you are gone, but you will never be forgotten.

*Peace and love,
Annie and Kate*
