“ I have known you since i was 16. First met you when i first started dating your brother. You and i have so many memories you were family an always someone i could talk to. Hard to share a life time of memories here. I think of you daily not one goes by i dont question if i should have just called you after a few days of not hearing from you. Not one day goes by that i dont think about what exactly happened in those few days after we spoke an if i could have done something more. Ill visit you often and keep you alive through your niece, nephews , and Gwen. Hug my nephew up there he is finally with you again. To much is missed but you will never be forgotten. R.I.P. I ❤️ ya
