“ I just found out about this yesterday, so sorry for the family. She was one of my teachers at the Bangor Center 1 room school and a neighbor and we both went to FMC in Bangor. She was a great lady.

“ My sincere condolences go out to the entire Conley family for your loss. I'm sure you will miss her immensely. She was a fellow teacher with me for many years in the adult education department at Hartford. Students learned from Rae and respected her. Teaching was a sincere task to her. She was genuine in her efforts. I will remember her for years to come. Hartford was fortunate to have her on staff.

“ Aunt Rae would collect box tops a send in soup label to get free stuff from Kellogg's or Campbell soup. It was always a treat to be able to get the Campbell Soup kids spoon when having food at Aunt Rae's house, Also the Christmas Cookie Cans on the back porch! Made coming home from college even more rewarding! -love

“ *I had the privilege of caring for her these last two years. She cherished everyone in her family. She was still knitting and giving out potholders. She loved watching baseball every Tuesday and now football. Believe it or not we watched have. We loved Let's make a deal and trying to guess what people's costumes were. When watching westerns we often tried to figure out who all the old actors were. I tried to get her to laugh as often as possible. I was there when she went, she went peacefully while sleeping. I will miss her greatly.*
