“ *Becky, you meant so much to me! You took me in the minute me and your son fell in love with open arms. You were like a mother to me as I lost my mom I went to you for guidance, support and anything I needed when I needed someone to talk to about anything I could always count on you and call you! I’ve promised you before and now I’ll love your son and take care of him forever!! You were such an inspiration toughest women I knew. You loved your children and grandchildren with everything more than yourself! I love you so much and I’m going to miss you so much more. Life isn’t going to be the same and even find loneliness in my heart without you! Rest in paradise Momma Becky*❤️

“ I will always remember you, you were my favorite manager at Little Caesars when I started my first job. All the times we had together were fun and we always had fun. We always leaned on one another and we always left work laughing and smiling....no matter how our day started. You were like a mom to me, sometimes that meant getting my ass chewed or even a good solid kick in the ass. Whatever tough love I needed, you didn't hesitate a second to dish it out. I got to hang out with you outside of work and really enjoyed it. This allowed me to meet your family who many I became friends with during my time of work. You meant so much to me, you were an inspiration, life saver, protector and always pushed me in a better direction. My heart goes out to your family, they lost a wonderful light in their lives too soon. I love you Becky and one day I will see you again. I'll miss you my friend.
