“ Ron, today we said our good byes to you. I know you were smiling down upon all of us when "Uncle Ted" was played as we said good bye to you one last time. Many people were smiling when the song played and i could feel you smiling too. I hope I made you proud of me for having this done. I miss you every day and will do so until we meet again. I will make certain that your memory lives on forever. I love you more than words can say. Thank you for loving me and being the man I will love forever.

“ Ron has been a friend of the Hill family for over 35 years. First through my brother Scott, my brother Mark, and then me. I remember being in high school and getting dragged along to the junk yards with the boys. Ron in particular would point at various heaps and quiz me about what make/model/year it was. To this day I still occasionally amaze people with my (largely useless) ability to correctly ID American made cars (especially Chevy's) from the 60's and 70's. Even though we lost touch at times, we always knew we were friends for life. Ron and Judy were about the last ones to leave the party for my parents 50th anniversary in 2006, and laughed after they got home to discover that instead of getting a package of left over BBQ pig, they accidentally got a foil package full of bones!

I am so grateful that I drove out to Bangor last fall after not being able to get in contact with Ron. And so very sad to learn of his illness. He was a fighter to the end, and Judy did an amazing job of taking care of him. Ron lived his life with quiet integrity, a dry sense of humor, and a huge heart. He will be missed. Rest in peace my friend.

Love,
Amy (Hill)

“ Dear Judy & family and best buddy Dave, How deeply sorry we are for your loss. Ron was such a good man! We really appreciated the way that he took care of our family cars. You couldn't ask for a more honest and caring businessman. He did a great job for the least amount possible. You could ALWAYS trust him! What a fighter he was at the end of his life. Thank you for the opportunities we had to visit him. You all did such a great job caring for him, even though it was a challenge. May God bless you all and fill you with His peace in the days and weeks ahead. When we meet Ron again, we are hoping that he will find it in his heart to forgive us for buying Fords :)

*In sympathy & prayer,

*Thank you so much Ron and Pat for your kind words and for all that you have helped with in the past and for continuing to be there for me if needed. Ron has always thought so very much of both of you and since knowing the two of you, I can share his feelings also. Now, as for the fords? Well, you know how Ron was about Fords, but I am pretty sure that he will also be quite forgiving for you buying new ones. ;) Thank you again for everything.

Ron, Thank you for giving me the best eleven years that anyone could ask for. Not only were you my best friend, you were also the one that I could always rely on for anything. You were taken from me way too soon but I know that God has other plans for you. You definitely put up a courageous fight against the cancer. Everyone was just amazed at how strong you stayed throughout your battle and at how many times you would bounce back when we thought the end was near. I know now that you are no longer suffering and are with your mom and Keith, Jerry, and Tim just to name a few. You were loved by so many and touched so many lives. Thank you also for being a father figure to my sons. You accepted them into your life when I became a part of it and I have always had and always will have the utmost respect and appreciation for all that you have done for them too. Just remember what I said to you when you found the strength to open your eyes one last time. I meant everything I said to you with all of my heart. I will see you again someday and we can then be together for ever. I love you Ron and will always have you in my heart. Until we see each other again.
