“ I cant believe its been 4 years I miss you bunches aunt Tammy you were one of my safe people I always loved spending the weekends with you and Larry and Mason and Trent and then I would spend the night and you were always getting on to us about going to bed but we never did and I always loved helping you make your fairy gardens that was one of my favorite things to do with you. I'm happy you're not struggling anymore and you're finally at peace I love and miss you a lot!

“ It's hard to pick just one memory when there are so many... Tammy - you were my family & my friend. I wanna thank you for being there for me & loving me the way you did. I wanna thank you for all the advice you've given me, all the answers to my many questions, all the times I needed a hug from mom... Life will never be the same without you. My heart hurts so much. You are very and always will be very special to me. I still don't want to believe you're gone... Thank you for everything

“ If there were one thing I could change it would be that we had more time to spend with you. I'm so heartbroken that I never got to show you my flower gardens and the ones I planted for you. I know you can see everything now and you know how much you have ALWAYS meant to me. I love you so much more than words could ever say Aunt Tammy. Nothing could ever take the space in my heart that you hold. Rest easy until we're together again Aunt Tammy. I love you
