“ Clayton Richardson here, "Tom's neighbor 22 years" We partook in alot of down to earth conversation, allways over to many beer's between the too of us. I'm going to miss his obnoxious laugh! We have ton's of hours just talking, we agreed and disagreed on topics but it was entertaining for both of us including health, religion, friendships and just about anything. There were times we pissed each other off so bad we wouldn't talk for day's, weeks or even year's once but, we somehow allways worked it out somehow over a couple beer's. It's going to be really strange not getting to ride up there on the quad to enjoy a few brews with him. God speed brother, We will all miss you!
